DairyTrace updates for all things traceability

Welcome to DairyTrace TagTips - quick tips, helpful hints and FAQs to help you understand the most efficient ways to use your traceability tools.

NEW Tag Applicator

DairyTrace has a new Universal Tagger

The new tagger is now available to purchase and features the following:

- Easy to hold and lightweight
- Requires less force for easier tag application and reduced hand fatigue
- Smooth, quiet tag application reduces animal startle reflex

Purchase of the new tagger includes two silver pins.

- You can continue to use the Red Total Tagger; however, it will no longer be available to purchase.
- The green and silver pins are interchangeable and can be used with either tagger.

The new tagger has a special introductory price from June through August 2026.

Purchase early and save!

When you're on the go, use the DairyTrace Mobile App for reporting all traceability events.

- You can enter events even when there's no internet connection. The app will automatically sync them when you have a connection .
