DairyTrace updates for all things traceability

Welcome to DairyTrace TagTips - quick tips, helpful hints and FAQs to help you understand the most efficient ways to use your traceability tools.

Getting ready for a fair or exhibition?

Here is a handy checklist of what you need to do:

- Report a move-out from the farm even if the animal is only leaving temporarily (highly recommended).
- Report a move-in when the animal returns home (required under proAction).

What you'll need:

- The premises identification (PID) of departure (last stop before arrival).
- The PID of the fair location.
 - Check for the PID on the show registration documents, website or even a sign posted on site. You may also be able to find the PID in the public premises search in the DairyTrace portal.
- The license plate number and province of the transportation truck/trailer.
- Animal ID# (15 digits).

Keep your DairyTrace account up to date!

Do you have new people to add to your account or new phone numbers or email addresses? You can make these updates under the Account tab or contact Customer Services for help.

DairyTrace has a new Universal Tagger

- The green and silver pins are interchangeable and can be used with either the new tagger or the Red Total Tagger.
- Purchase of the new tagger includes two silver pins.
